

TAFT TAX PLAN FOR 2 YEARS

Aldrich Says Corporation
Measure Will be Repealed

IN TWO YEARS TIME

Dr Rate Cut Material—Senate, Ready
to Deal with Income Tax Schedule
First, Waits on the Tea
Schedule.

Washington, June 30.—The income tax
amendment to the tariff bill proved to
be a subject of great interest to many
people who filled the galleries of the
Senate yesterday.

The first order of business was the
disposition of Senator Tillman's amend-
ment placing a duty of 10 cents a pound
on tea, to protect that industry in South
Carolina.

This being the last of the amendments
to the schedules to be proposed while
the tariff bill is before the Senate in
committee of the whole, nearly every-
body was anxious to vote, but the South
Carolina senator was full of his subject
and wanted to speak.

He told of the superior quality of the
American grown tea, of the enormous
profits made on the imported article, and
the importance as well as the possibili-
ties of such an industry if properly fos-
tered. In reply to a question he de-
clared that he believed that with the
duty he asked for, the South would not
only be able to supply the entire Ameri-
can market, but would eventually ex-
port a large quantity of tea.

Senator Dixon suggested a bounty as
a means of nurturing the infant tea in-
dustry and in this he was supported by
Senator Smith of Michigan. Mr. Tillman
responded that he did not propose to be
caught in advocating a bounty. He would
not accept a bounty, he said, if a dollar
a pound was offered. He was not seek-
ing any selfish advantages for South
Carolina, but wanted to benefit the en-
tire country.

The amendment was debated at con-
siderable length, but was voted down
by the Senate, 55 to 18.

To more clearly map out the campaign
entered upon, Senator Aldrich said that
the finance committee had determined
that the offering of amendments to the
schedules of the tariff bill while in com-
mittee of the whole, should not continue
further at this time, as they could be
brought forward by senators after the
bill reached the Senate in a parliament-
ary sense. To give force to that pur-
pose, he said, he would move to lay on
the table any other amendments that
might be offered at this time.

In answer to a question, Senator Al-
drich said he would support the corpora-
tion tax as a means of defeating the
income tax. He expressed the opinion
that the corporation tax would be re-
pealed after two years, or the rate ma-
terially lowered.

WHISKEY LABELS.

President Hears Arguments of Distill-
ers.

Washington, June 30.—Oral arguments
on the question of labels for whiskey
under the pure food law were finished
in the office of President Taft at the
White House yesterday morning. The
second day's hearing of the representa-
tives of distillers and retailers began at
9 o'clock and was not finished until some
time after the hour for the regular meet-
ing of the cabinet, which is 11 o'clock.

At the conclusion of the oral argu-
ments, President Taft announced that
time would be given until July 10 for
the filing of written briefs, and then
three days more for the filing of briefs
in reply. The president will then con-
sider all these arguments, both oral and
written, and announce a decision as early
as possible.

Killed While Walking on Tracks.

Lowell, Mass., June 30.—While walk-
ing on the tracks of the Boston & Maine
railroad, James Harkins, 20 years
old, was struck by an express train
from Boston yesterday morning and in-
stantly killed. He was an operative in
the Tremont and Suffolk mill.

Death from Heat.

Lowell, Mass., June 30.—Patrolman
James J. McNabb, a Lowell police offi-
cer, who was struck by the heat while on
duty early Saturday morning, died
yesterday morning, aged 61 years.

Can You Tell the Cause of Your Trouble?

Are you sometimes discouraged, and
think you'll never be any better?
Can you tell the cause of your trouble,
or what makes you sick?

Do you know that about nine-tenths
of all sickness is caused by kidney trou-
ble? Have you ever stopped to think
that your kidneys may be the cause of
your poor health?

Most people do not realize how much
work the kidneys are required to do
every day.

Every drop of blood in the body must
pass through and be filtered by the kid-
neys thousands of times a day.

How can they do their work well if
they are sick?

If your kidneys need treatment, Dr.
Kilmer's Swamp-Root, the wonderful kid-
ney remedy, will prove to be just the
medicine you need.

If you will write to Dr. Kilmer &
Co., Poughkeepsie, N. Y., every reader
of this paper who has not already
tried Dr. Kilmer's Swamp-Root, the great kid-
ney, liver and bladder remedy, may re-
ceive a sample bottle by mail, absolutely
free. You can purchase the regular fifty-
cent and one-dollar size bottles at all
drug stores.

RELENTLESS SEARCH FOR LEON.

New York Police Throw Cordon About
Narrow Territory in New Jersey.

New York, June 30.—The police cord-
on thrown about the comparatively nar-
row territory comprising Paterson,
Passaic, Hackensack and other neigh-
boring towns in New Jersey is tighten-
ing today around a number of Chinam-
men among whom the police hope to
find trace of Leon Ling, the supposed
murderer of Elsie Sigel. Fifty of the
best detectives of Inspector McAfferty's
staff have been sent into this district
and the concentration of so many of
them virtually in one spot leads col-
or to the belief that some important
information, so far carefully guarded
from the public, is in the possession of
the police.

The double mystery of the independ-
ent movements immediately following
the murder of Leon Ling on the one
hand and of the trunk containing the
body of Elsie Sigel on the other, was
no nearer solution today, after the de-
tectives had run down the latest clue,
the alleged moving of the trunk on the
night of June 9, from Leon Ling's
rooms in Eighth avenue to a laundry
in West 18th street. According to the
story related by the man who is sup-
posed to have moved the trunk, Leon
Ling did not accompany it on its travel
from the Eighth avenue address to Har-
lem, but sent it on by express. The
laundry was found untenanted when
the detectives visited it, however, and
no evidence of value obtained.

PAID \$1,855.25 TO KILL BILLS.

Cost to Christian Science to Contest
Measures in Bay State Legislature.

Boston, June 30.—The Christian
Science church officials have filed at the
State House an itemized account of
what the church spent in fighting
threatened hostile legislation during
the last session of the legislature. The
total is \$1,855.25.

Of this sum Elder & Whitman re-
ceived the largest amount, \$855.25.
William A. Morse was paid \$500, and
Bates, May & Abbott, of which firm
former Governor John L. Bates is the
senior member—a like amount. All of
these are well-known Boston lawyers,
and appeared before committees to
argue against measures introduced for
the purpose of making Christian Science
healing illegal.

BISON UNRULY.

They Object to Being Loaded on Cars
and Shipped to Canada.

Spokane, Wash., June 30.—A second
attempt by Canadian officers in charge
of the Pablo herd at Revelli, Mont.,
to load the animals for shipment to the
dominion, after several weeks' work re-
sulted only in corralling 170, less than
half the number of bison purchased by
the Canadian government last year.

The task of rounding up the animals
is a hard one. The bison repeatedly
broke through fences, many finally escap-
ing to the hills. The round-up has been
abandoned and the remainder of the herd
of some 500 animals will be given to
the United States government as a gift
from Canada, to be preserved in the
interests of the American nation.
Canada now has a herd of 650 bison.

YEAR'S DEFICIT \$92,500,000.

The June Surplus Will Reach Five Mil-
lions.

Washington, June 30.—The excess of
government disbursements over receipts
for the fiscal year to date is \$93,173,000.
This sum is likely to be reduced by to-
day's transactions to approximately
\$92,500,000. The customs receipts for
the year will fall but little short of
\$360,000,000, and the internal revenue
receipts will be about \$245,000,000. The
gain in customs receipts over last year
will be about \$15,000,000, with a loss of
about \$3,000,000 in internal revenue. The
surplus for June probably will reach \$5-
6,000,000.

Big Factory Closed.

Utica, N. Y., June 30.—Notice was
posted in the Remington Typewriter
works at Utica yesterday that commencing
July 1, the establishment would be
closed until further notice. The works
employ 2,000 persons, mostly men, and
the weekly pay roll was about \$20,000 a
week. Some time ago the company at-
tempted to introduce a machine for as-
sembling a part of the work of aligning
the letters on the type bars of the
machine. The men engaged in aligning
objected to this and struck, and shortly
thereafter the assembly quit work.

FAVORABLE TO THE MEN.

Pittsburg Street Car Strike Ends with
Compromise Agreement.

Pittsburg, June 30.—With cheers from
street car men and hundreds of Pitts-
burgers, cars were run out of the various
barns of the Pittsburg Railway company
at 8 a. m. yesterday. Three hours later
every division was in full operation and
schedules being maintained.

The ending of greater Pittsburg's first
complete car strike was as sudden as the
beginning.

While the trouble was adjusted by
Mayor Magee with a compromise agree-
ment favorable to the men, concessions
were granted by the union and the com-
pany.

Excepting one point, which will be
arbitrated later, every difference was
settled definitely at the conference held
in the mayor's office at 10:30 Monday
night. Following is the basis of settle-
ment.

That the number of "short runs" shall
be reduced 50 per cent.

The men withdrew their objections to
emergency runs.

That Sunday runs shall not be longer
than the week-day schedules.

That Motorman Ashford, discharged on
charges of drinking while in uniform,
shall be reinstated, pending arbitration.

That Conductor Halbert, suspended on
charges of refusal to help remove an ob-
struction to traffic, be paid in full for the
time of his suspension.

That Conductor McGibbons, who lost
seniority, be restored.

FISHERIES PACT REVISED.

Jordan and Prince Would Avoid Any
Errors.

Toronto, Ont., June 30.—For the pur-
pose of going over the regulations con-
tained in the fisheries treaty which has
been signed by the President of the
United States and the prime minister
of Canada, Professor David Starr Jordan,
president of the Lake Superior univer-
sity, and Professor E. E. Prince of
Ottawa are conferring here. The com-
missioners thought the regulations as
drawn up by them were as perfect as
could be, but in order to prevent any
possible applications for changes, they
decided to go over them again and now
are doing so. Some changes may be
made, but it is not likely. "The regu-
lations have been made international
rather than local," says Professor Jordan,
"and will be promulgated by the two
governments about next December,
to take effect in January, 1910, or pos-
sibly not till 1911. We have dealt with
the matter from an international
standpoint and as though there were
only one country, and whatever bene-
fits are derived by one will be derived
by the other."

GOULD AGAIN IN TOLLS.

The Murderer Is Captured in Salem,
N. H.

Salem, N. H., June 30.—Joseph Gould
the bandit, who escaped from the New
Hampshire state hospital for the crim-
inal insane, was recaptured here at
Canobie Lake yesterday by Officer
Fisher and turned over to Deputy
Sheriff Scott of Exeter. Gould was
hiding in the woods near the lake when
the searching party came upon him.
He made no resistance. Gould was serv-
ing a term of twenty to thirty years
for his part in the robbery of the Lud-
low-Corrier factory of Dover on Feb. 10,
1906, and the killing of an Italian on
a train at Rockingham Junction im-
mediately after the robbery.

William Chapman, the other prisoner
who escaped with Gould, was captured
in Madbury Monday and brought to
the police station in Dover.

CALHOUN MOVES AGAINST HENEY

Claims Special Prosecutor, on Account
of His Prejudices, Is Unfit to Try Case.

San Francisco, June 30.—Attorney
Stanley Moore for Patrick Calhoun
yesterday presented in court a long al-
ludged to support his contention that
Special Prosecutor Francis J. Heney is
incompetent to try graft cases because
of his prejudice against Calhoun and
other defendants, and also because he
has violated the state law by accepting
pay from Randolph Speckles while he
was receiving money from the govern-
ment in the Oregon land fraud cases.
The motion revolved all the facts
brought out in the recent trial of the
employment of Heney by Randolph
Speckles, and of the alleged plan
which the prosecution had been con-
ducting. The judge took the motion
under advisement.

"UNWRITTEN LAW" BARRED.

Judge Indicates His Position at Open-
ing of Boyajian Trial in Detroit.

Detroit, Mich., June 30.—Whether
or not they believe in the "unwritten
law" as a defense for murder was
squarely put up to the prospective jur-
ors yesterday by Prosecuting Attorney
Vandell, while they were being exam-
ined as to their qualification to sit in the
trial of Dr. G. K. Boyajian, for killing
his nephew, Heratoun Gasparian, for-
merly of Lynn, Mass., while the nephew
was being arraigned in police court for
alleged misconduct with Mrs. Boyajian.
Judge W. F. Connolly, who presides at
the trial, indicated that "unwritten
law" means with little favor in his
eyes. "In this state no man has a
right to kill another person to avenge
his private wrongs, even though they
involve the honor of his wife," said the
judge.

started up about the middle of August
after being shut down for eighteen
months. The mill employs about 30
hands and produces mostly hardwood

HER LIFE IN DANGER

If You Have Catarrh or Weak Lungs

Read This Carefully.

"Some five years ago I was taken
with a bad attack of bronchitis. I was
afflicted with a bronchial cough and cold.
The cough was very bad at night and I
would wake up choking and gasping
for breath and there seemed to be a
terrible stoppage in my throat and
trachea.

My throat was tender and irritable
and had an aching sensation which was
especially bad at times. I doctored and
used several different remedies but
never received any permanent relief that
kept the malady from coming on until
I used Hyomei. This remedy which to
me is certainly infallible, cured me and
to I ascribe the cause of my being
alive.

Hyomei certainly saved my life and I
accord it the credit it deserves. There
is nothing too strong for me to say of
Hyomei."—Mrs. Ada Hopkins, 8 Cutler
ave., Coldwater, Mich.

Hyomei (pronounced High-o-me) is
breathed into the lungs through a hard
rubber inhaler and this soothing anti-
septic air as it passes over the inflamed
membrane soothes the inflammation,
kills the microbes, and cures catarrh.
Complete Hyomei outfit \$1.50, includ-
ing inhaler, extra bottles 50 cents at the
Red Cross Pharmacy who guarantee it.

BRANDENBURG IS ACQUITTED.

The End of the Grover Cleveland Letter
Case.

New York, June 30.—The trial of
Broughton Brandenburg, the writer, for
grand larceny, for selling to the New
York Times an article purporting to have
been written by the late Grover Cleve-
land, came to an end yesterday, the jury
returning a verdict of acquittal. Justice
Fitzgerald charged the jury that the only
thing for them to consider was whether
or not the defendant stole \$500, the price
stated to have been paid to Brandenburg
for the article. They must acquit him
the judge declared, if they found that
The Times relied solely on the representa-
tion of Mr. Hastings, one of Mr. Cleve-
land's executors, as to the genuineness
of the article. The genuineness of the
signature was not material in this case,
the judge said, as forgery of the signa-
ture was not the crime with which
Brandenburg was charged.

Brandenburg was at once arrested on a
charge of kidnapping his stepson, James
Shepard Cabane, in St. Louis.

OUR HATRED OF THE RICH

Ferrero, Historian, Tells of
the Movement

COMMENTS ON THE LACK

Everything to Be Put on Basis of Busi-
ness—The President Entertains
a Party of States-
men.

Paris, June 30.—Signor Guglielmo Fer-
rero, the Italian historian, who visited
the United States last year, continues
publication in the Figaro yesterday of
his comments on the anti-plutocratic
movement in America. He calls atten-
tion again to the lack of organized re-
sistance on the part of the rich, which
he explains by a general recognition on
their part that the movement has been
provoked by real abuses, which must be
corrected. Many people sympathize with
this movement openly, and some sons of
rich men have thrown themselves into
the fight. This fact the writer considers
to be another proof of the endurance
of idealism in America, where the basis
of everything is the theoretical rule of
the majority. The infiltration of anti-
plutocratic ideas among the masses is
recognized, and the Republican party,
although allied to the interests of the
rich, has realized that it could not adopt
too hostile an attitude without provoking
revolt. Signor Ferrero is of the opinion
that the picture painted by Maxim Gor-
ky and others of the vicious rich Ameri-
can oligarchy cringing before the masses
is erroneous, and says the belief is held
in some quarters in Europe that the
masses in America are organizing a revo-
lution to depose the wealthy. Signor
Ferrero explains the ground for his con-
viction that the feeble defense which
the rich men of America are making
against this anti-plutocratic movement
will not result in a social catastrophe.
